

## **Exciting news**

On 30 September 2018 Thanet Volunteer Bureau, Shepway Volunteer Centre and Dover District Volunteer Centre merged to become Kent Coast Volunteering.

We have joined together to form a stronger service, making full use of our skills and resources to better connect and support the communities we serve, and go further in our role as the 'go to' volunteering organisation on the Kent Coast.

The local support and services offered by Shepway, Dover district and Thanet won't disappear – you'll still be able to access them in your local area – at Shepway Hub, Dover and District Hub and Thanet Hub – the renamed volunteer centres in your community.

We'll continue to offer the services you know us for – including transport, befriending, DBS checks and more; and the volunteering opportunities and projects you expect from us.

As we set up our great new organisation you can still get all the help and opportunities you've come to expect from us. We'll be launching officially in the early part of 2019 with even more to offer, from a stronger and more united volunteering service.
